

From the bottom of my heart I would like to thank you for helping make a dream a reality. Because of your kind heart and charitable contributions we were able to help thirty-nine (39) youth see their future. So often our youth are blinded by the negatives that they experience in their homes, schools, and communities that they lose site of a positive/productive future, but when people like you come into their lives - they begin to dream again. From the bottom of my heart thank you for being a ray of light in a tunnel of darkness. Your act of love has made a lasting impression on a group of very happy young men.

*~Randall Washington, Rites of Passage Coordinator*

We had an excellent meeting in no small part due to the efficiency and responsiveness of your staff. The food was excellent, the rooms set up timely and properly, including all equipment, and service was friendly. I will certainly look at the Sheraton Gateway should I need a location in the future.
